

National Registry of Rare Kidney Diseases (RaDaR)

Statistician

Salary:	£36,218.16
Contract:	18 months fixed term (in the first instance)
Hours:	37.5 hours per week, flexible working
Location:	Bristol Currently remote working, likely to move to combination of office-based and remote working once restrictions allow

The Renal Association works to improve lives by supporting professionals in the delivery of kidney care and research. **The UK Renal Registry** is part of The Renal Association and collates data from renal centres and hospital laboratories to improve the care of patients with kidney disease in the UK.

The **National Registry of Rare Kidney Diseases (RaDaR)** is a Renal Association initiative designed to pull together information from patients with certain rare kidney diseases. This will give a much better understanding of how these illnesses affect people. It will also speed up research.

The role:

This new role is an excellent opportunity for a statistician to join a successful and dynamic organisation working closely with the clinical, patient and research communities, whilst serving as statistical advisor to UKRR and RaDaR colleagues. The clinical statistician will perform data management, clean and validate RaDaR data sources, support the RaDaR data collection and linkages, prepare data sets for use in statistical analyses, perform statistical analyses, take a key role the preparation of reports and presenting the data.

The person:

We're looking for a qualified statistician, enthusiastic and keen to learn new concepts. You must be able to perform statistical analyses using statistical software (SAS or STATA preferably), work with large datasets and perform data validation and testing with high attention to accuracy and detail.

The Renal Association offers:

- Generous annual leave and pension
- Commitment to training and development, with your own annual development budget
- Flexible working culture and remote working
- Employee assistance support

All our staff have been enabled to work remotely during the COVID pandemic, using video and telephone conferencing facilities and MS Teams. Guidance has been developed to support a safe, gradual return to office working where possible and appropriate.

How to apply:

For further information on the role or to apply please email Jennifer.barwell@renalregistry.nhs.uk. Please include in your application your CV and a covering letter outlining your experience and skills highlighting your suitability for this vacancy, against the requirements outlined in the job description.

Closing date: 9.00am 7th June
