NHS Kidney Care

enabling consistent implementation of the Renal National Service Framework

A Strategy for 08/09 and beyond.....
NHS Kidney Care

Who are we?

- NHS Kidney Care as it is part of the NHS Diabetes and Kidney Care

- NHS Diabetes and Kidney Care has a primary function of developing a small national team with significant local presence to enable successful implementation of the Renal and Diabetes NSFs
NHS Kidney Care

- To create capacity and capability to improve patient outcomes
- To enable equitable, effective and efficient kidney services.
From April to June 2008 the Kidney Care team initiated a Listening Exercise to understand what our stakeholders felt were important issues for a national team driving local excellence in service delivery.
NHS Kidney Care

The Listening Exercise...

We drew on:

- The expertise already available
- Listened to language that the kidney community uses
- Heard about the quick wins, the local priorities and the key national issues to get right
The Listening Exercise...

We set out to identify:

- What results we are trying to deliver?
- What Impact we are trying to achieve?
- What are the core functions of the team?
- What key drivers and principles that should underpin the local infrastructure?
- What accountability arrangements are required to set the kidney care agenda?
- What lessons can be learnt from existing improvement teams?
NHS Kidney Care

- **The Listening Exercise...**

  Responses were received from:

  - Professionals
  - Regulators
  - Influencers
  - Public
The Listening Exercise...

- Knowledge Management is key
- A framework for Kidney Networks is needed
- Organisation boundaries shouldn’t determine patient care
- Choice, Capacity, and Empowerment are key drivers
- Some things are better done nationally rather than fragmented
- There is already good practice out there.
- We shouldn’t reinvent the wheel
- Don’t create meetings for the sake of meetings

NHS Kidney Care
NHS Kidney Care

National deliverables ...

- Co-ordinating implementation of current priorities within the Renal NSF
- Support the development of metrics based on patient experience and outcomes
- Translate the implications and opportunities within the Next Stage Review
NHS Kidney Care

- **Local deliverables ...**
  - Link local kidney communities with SHA work streams enabling the Next Stage Review be a reality for kidney care
  - Putting clinical quality at the heart of our work programme, reflecting Darzi principles
  - Building local alliances of professional and patients to work collaboratively to improve the care of people needing kidney care;
  - Energise service transformation and improvement through shared learning;

SHARED FUNCTIONS:
- HR Support
  - Business Support
- Finance management
- Commissioning
- Organisational Development
- Research and Evaluation
- Project Coordination
- Event Management (Max Jones*)

OUTSOURCED POSTS:
- Knowledge Management (NLfH)
- Information Manager (IC)
- SpR in Green Nephrology (S. Unit)
- SpR in Kidney Care (tba)

SLWG CLINICAL LEADERSHIP:
- PD  Lindsey Barker
- AKI  Andrew Lewington
- IT   James Medcalfe
- Audit  Damien Fogarty
- PROMs  Fergus Casey
- E of Life  Ken Farrington & Stephanie Gomm
- HCAI  Richard Fluck

* = Consultancy
Developing Local Kidney Care Networks:

**EXISTING:**
- West Midlands
- East Midlands
- North West

**SUPPORTING:**
- North East
- Yorkshire & The Humber
- South West
- East of England
- South East Coast

**Priorities for 09/10:**
- London
- South Central
NHS Kidney Care

WORK PROGRAMME:
Service Development:

- PbR for Kidney Dialysis
- PbR for Kidney Transplantation
- Impact of Organs for Transplant Recommendations
- Service Specification for PD
- Acute Kidney Injury Care Initiative
- Evaluation of increasing Dialysis Capacity (ScHARR)
- Toolkit for establishing Autonomous Kidney Services
- Systematic Early Intervention for Kidneys
NHS Kidney Care

WORK PROGRAMME:
Patient Experience:

- Template Care Plans
- Kidney Chapter for National EoL Strategy
- Implementing the Kidney Chapter
- PROMs in Kidney Care
- Transition to Adult Care from Paediatric Services
- Educational DVD for Black and Afro-Caribbean people with CKD
- Patient and Carer Strategy
NHS Kidney Care

WORK PROGRAMME:
Co-Production:

- Launch Kidney Care Plans on WKD
- Kidney Edition of the BJ Primary Care Nursing
- Kidney Edition of Primary Care Cardiovascular Journal
- E-Consultations
- Primary Care CKD Training
- LCP Pharmacology Report
- Green Nephrology
- NSF Supplement to BJRM
- Renal Technologists Development Programme
NHS Kidney Care

WORK PROGRAMME:
Being considered:

- Benchmarking Implementation of NSF
- Home Haemodialysis Programme for Children
- Improving access to RPV
- Tool to measure economic impact of early intervention
NHS Kidney Care
