

## Agenda

# UK and Ireland First Patient Information Day on Fibromuscular Dysplasia (FMD)

**When :** Saturday 19<sup>th</sup> January 2019

**Where :** Frank Rifkin Lecture theatre, Mayo Building  
Salford Royal Hospital, Stott Lane, Salford, Greater Manchester, M6 8HD

### Objectives

- Share knowledge and provide information on FMD
- Raise awareness about the different ways in which people can be affected
- Opportunity to share experiences of living with and treating FMD
- Information about best practice and research being undertaken to improve outcomes in FMD
- Explore and learn about the broader themes of FMD
- This patient information day would be relevant to people affected by FMD, carers and all staff groups involved in the provision of care of FMD

**Register:** [fmd.ukireland@gmail.com](mailto:fmd.ukireland@gmail.com) or @FmdsUK. Any questions to [tina.chrysochou@srft.nhs.uk](mailto:tina.chrysochou@srft.nhs.uk)

**This is a free event**

This day has been supported by a grant from Kidney Research UK (KRUK) and Kidney Care UK (KCUK)
