FRIDAY 7 FEB – BAPN Winter Meeting

King Alfred Chamber

Session 1: Innovations in Paediatric Nephrology		
08:45	Welcome to BAPN 2020	Sally Hulton <i>BAPN President, Birmingham Children's Hospital</i>
08:50 – 09:10	PEEER (improving Patient Empowerment, self Esteem, Employability & Resilience) project. <i>Plenary</i>	Arvind Nagra, <i>Consultant paediatric nephrologist, Southampton</i>
09:10	Innovative technology & communication (<i>Submitted 10 min talks</i>) <i>Stable calcium isotopes: a novel biomarker of bone mineralization in children with chronic kidney disease</i> <i>LDL-A-induced remission and induced steroid/CNI sensitivity in a female infant with SRNS and normal eGFR.</i> <i>In situ simulation: making it happen in paediatric nephrology</i> <i>Validation of fingerpick microsampling for tacrolimus and creatinine as an alternative to venous blood</i>	Rukshana Shroff <i>GOSH London</i> Dean Wallace <i>Manchester</i> Hitesh Prajapati <i>Leeds</i> Jon Jin Kim <i>Nottingham Children's Hospital</i>
10:00	Kidney Research UK sponsored research submitted presentations Part 1 BAPN collaborative data (7 + 2 mins) <i>The effect of socio-economic deprivation and distance to specialist hospital on access to paediatric nephrology care for UK children</i> <i>What is the completeness and accuracy of UK renal registry for paediatric deaths in those who received chronic renal replacement therapy?</i> <i>Kidney transplant outcomes for children and young adults in UK</i> <i>Successful ABO and HLA incompatible renal transplantation in children in UK</i>	Lucy Plumb <i>Bristol</i> Grace McCall <i>Manchester</i> Alexander Hamilton <i>Bristol</i> Stephen Marks <i>GOSH London</i>
10:40	Coffee	

<p>Session 2: Clinical ethics in Nephrology Chairs: Prof Anneke Lucassen & Mr Robert Wheeler</p> <p>Anneke Lucassen is Professor of Clinical Genetics within Medicine at the University of Southampton and combines key clinical, laboratory and ethico-legal expertise to research developments in genetic medicine</p> <p>Robert Wheeler is a consultant paediatric surgeon and director of the department of clinical law at Southampton Hospital</p>		
11.00	Future of genomics testing in paediatric nephrology (Plenary)	Ash Gupta, Consultant Paediatric Nephrologist, Birmingham Children's Hospital Elizabeth Watson Principal Clinical Scientist, Bristol Genetics Laboratory
11:30	Are there limits to parental responsibility when a capable child refuses treatment? (Plenary)	Robert Wheeler Southampton
11.50	Cases and discussions <i>* This session is designed to provide a peer supportive forum. Please keep to 'Chatham House Rules' and no photos of cases.</i>	Natalie Wyatt GOSH London Dean Wallace Manchester
12.30-13.20	Lunch with Exhibitors	
Session 3: Sustainability and patient safety		
13.20	Sustainable Health Care in Nephrology - important and achievable goal for the Renal MDT (Plenary)	Dr John Stoves Nephrologist, Bradford Teaching Hospitals
13.50	Patient Safety within BAPN (submitted presentations) Communicating BAPN safety issues <i>Learning from errors in paediatric healthcare</i> <i>The Evelina Paediatric Haemodialysis Trigger Tool</i>	Dal Hothi Stephen Marks GOSH London Ramnath Balasubramanian Evelina London
14.30	Kidney Research UK sponsored research submitted presentations Part 2 (7 + 2 mins) <i>Dietary calcium intake is inadequate in the majority of children with CKD</i> <i>Serum biomarkers, but not DXA, predict bone mineral density in CKD children</i> <i>Rituximab in childhood NS: are multiple subsequent courses safe & effective?</i> <i>E Coli O55:H7 HUS: Case series from the first documented outbreak in UK</i>	Louise McAlister GOSH London Alex Lalayiannis GOSH London Chantida Subun GOSH London Maduri Raja Southampton
15:10	Tea	
Session 4: Kidney Research UK		
15:30	Submitted research flash abstracts (1 minute each)	Appendix
15:45	From bench to bedside: Advances in renal ciliopathies (Plenary)	Prof John Sayer, Clin Prof of Renal Medicine, Newcastle University
16:15	Concluding remarks Presentation of prizes	Sally Hulton BAPN President
16:30	Finish	

RCPCH has approved this activity for CPD in accordance with the current RCPCH CPD Guidelines.

Aims and objectives

Learn about the latest advances in UK paediatric nephrology research and practice. Network with colleagues to improve patient care and learn from each other's clinical experiences and to engage with the multi professional team

Target audience

Consultant paediatric nephrologists, trainee paediatric nephrologists, all members of the renal MDT and paediatricians with an interest in nephrology

Prizes – kindly sponsored by Kidney Research UK

£100 Best presentation

£50 Runner up

Registration website: <https://www.eventbrite.co.uk/e/bapn-winter-meeting-tickets-74674981881>

	Members	Trainee or MDT Members	Non members
Meeting, Thursday evening meal, Room	£95	£60	£120
Meeting, Thursday evening meal	£45	£30	£70
Meeting only single day rate Thursday or Friday	£20	£15	£50

Contact organisers:

Amy Robinson BAPN / RA Secretariat BAPN@renal.org

Yincen Tse Secretary **Sally Hulton** President **Sally Johnson** Research Secretary

Shuman Haq Treasurer **Dean Wallace** Communication Officer

Appendix: Submitted research flash abstracts

Pathway for transplant **Carmel Capelett** *Birmingham*

Free 25(OH) Vitamin D concentrations are lower in children with renal transplant compared with CKD

Evgenia Preka *Southampton*

Exploration of appetite in children with CKD **Matt Harmer** *Bristol*

Feeding patterns and outcomes of enterally tube fed paediatric renal transplant recipients **Sarah Khweir** *GOSH*

London

Use of home haemodialysis in severe primary hyperoxaluria type 1 **Sahiti Koneru** *Birmingham*

A case series of successful treatment of FSGS recurrence post transplantation **Anne MacCafferty** *Leeds*

A case report of HUS in the absence of acute kidney injury **Pallavi Prasad** *Newcastle*

Vancomycin-induced acute kidney injury in non-critically ill children at a tertiary paediatric hospital

Stephen McWilliam *Liverpool*

Polyomavirus-associated nephropathy without detectable Polyomavirus viraemia **Natalie Wyatt** *GOSH London*

Transplant education process **Carmel Capelett** *Birmingham*
